CONTRACTOR OR OWNER: _____

- a. Molding Mud warrants to the original purchaser of the custom concrete product that for the warranty period (as defined below), the custom concrete product will be free from material defects in material and workmanship. Hairline cracks may develop and are not considered structural failures, instead they are considered inherent and desirable properties of the material. Concrete is an artisan, handmade, natural product, and as with all natural products, is susceptible to staining. Molding Mud has sealed the product with the best sealer available at the time for concrete but the customer acknowledges that the concrete will most likely develop stains over time, adding to the natural patina that makes each product a unique piece of art. The foregoing warranty is subject to proper installation, use and maintenance of the custom concrete product in accordance with installation instructions and the care instructions supplied to the customer. Customer must make warranty claims in writing within 30 days of the manifestation of a problem. MM's sole obligation under the foregoing warranty is, at MM's option, to repair, replace or correct any such defect that may arise within the warranty period.
- b. Warranty period begins _____
- c. Any repairs under this warranty must be conducted by an authorized Molding Mud service representative.
- d. Excluded from this warranty are problems due to accidents, misuse, misapplication, storage damage, negligence, vandalism, or modification to the custom concrete product or its components.
- e. Molding Mud does not authorize any person or party to assume or create for it any other obligation or liability in connection with the custom concrete product except as set forth herein.
- f. The warranty in section (a) above is exclusive and in lieu of all other warranties, whether expressed or implied warranties of merchantability and fitness for a particular purpose.
